31008	POLISHED ALU
	OTHER COLOURS ON REQUEST
31101	WHITE WOVEN CABLE – 3 M
31102	BLACK WOVEN CABLE – 3 M

Ø 110 MM X H: 800 MM

Let's talk about the light...

We like directed light, and this is exactly what SoLong offers. We have chosen to supply the long pendant with a socket, which gives freedom of choice in all respects possible.

\*SoLong is actually named after it's height of 80 cm - which, with a diameter at only 11 cm, makes SoLong a slender and tall tube pendant

...the secret is the size

A giga circular set-up was what Vandkunsten, Copenhagen asked for in the large glass atrium.

As you can imagine  
the installation did need a bit of volume...  
and this is what it got.

The choice for the solution fell on a Ø 12 metres circular installation and 24 SoLong's in black colour

It was actually a London-based design agency that made SoLong part of the Bodø Cultural Centre project.

They chose 150 SoLong pendants in black with gold leaf inside. We think Light produces a fantastic glow when it falls on gold.

What makes the SoLong pendant is that it is clear  
in its mode of expression - like a graphic element  
in the room

Using SoLong in straight lines, circles or completely  
at random, can produce an unique graphic result.

in  
town

SOLONG - NOW IN POLISHED ALU VERSION

Nothing compares to formations -  
and SoLong also works best  
in a "pack"
