WE DOUBLE UP THE BENEFITS
BESIDES GIVING A PLEASANT LIGHT,
THE FABs ADD ACOUSTIC BENEFITS TO THE ROOM

FAB + REMIX 2 FROM KVADRAT®

REMIX 2 IS ONE OF THE MOST WELL-KNOWN TEXTILES FROM KVADRAT. KVADRAT® IS BASED IN DENMARK, IN A LOVELY SPOT CALLED EBELTOFT. AS A NEW ACOUSTIC COVER FOR THE FAB'S, WE HAVE CHOSEN REMIX 2, A GREAT WOOL TEXTILE.

REMIX 2 IS MADE OF 90 % PURE BRUSHED WOOL AND 10 % NYLON.

113 LIGHT BEIGE

152 SALTNEPPER

543 ORANGE

823 LIGHT BLUE

REMIX2 IS AVAILABLE IN 49 SELECTED COLOURS. TO SIMPLIFY, WE HAVE CHOSEN 4 STANDARDS.

PLEASE...

WE RECOMMEND YOU TO HAVE A LOOK AT THE LOVELY STEELCUT FABRIC, WHEN VISITING WWW.KVADRAT.DK.

BUILDING MATERIALS

new buildings are often made of hard materials like glass, steel and concrete. This of course leads to a bad indoor acoustic environment. Today most architects and designers working with space planning search for new acoustic solutions.

...HAPPY WORKING DAY

CASE : LIGHT & SOUND

CLIENT : MAKE® – A STRATEGIC BRANDING AGENCY BASED IN COPENHAGEN

LIGHTING : FAB 80 CIRCULAR, TECHNICAL VERSION

WE HAVE PLANNED THE FAB'S IN 2 ROWS JUST ABOVE THE WORKPLACES.
IT GIVES A PLEASANT WORKING ENVIRONMENT, WHEN IT COMES TO
LIGHT AND SOUND.

THE OUTCOME IS SOFT LIGHT AND BETTER ACOUSTICS IN THE ROOM.

Today most people are living in an overly exposed world.

Our daily life is busy and many people are surrounded by noise from machines and people talking.

The noise stress and makes it difficult to communicate with each other.

FAB TRANSFORMS NOISE INTO SOUND.

**HAPPY
WORKING
DAY**

SHHHY.....SEARCHING FOR SILENCE

We are in a time where human beings are searching for silence, mindfulness and inner well-being. People simply ask for reduced noise in their daily working life in offices, in noisy restaurants, meeting rooms, public spaces and even at home.
